FARM LAND VALUES.

Enhanced in Wayne County by the
C. G. & R. Company.

Richmond, Ind., Feb. 3.—There is
a demand here and all over this part
of the state, real estate men say, for
good farm property, and it is also
noticeable that while there is consid-
erable farm property on the market,
that the prices are soaring. In parts
of Wayne county this is due to the
coming of the Columbus, Greensburg,
& Richmond Interurban and other
roads, farmers living several miles
from these lines being of the opinion
that their holdings are rapidly in-
creasing in value. Resident proprie-
ties in the towns of Centerville, Cam-
bridge City and Dublin have also in-
creased in value since the Indianap-
olis Eastern built along the national
road.

Sweet and Pure.

In the three years that the great New
England drama "Quincy Adams Saw-
yer" has been before the public it has
been stamped by a succession of au-
diences all over the country as "the
best, the sweetest, purest and most
wholesome of rural dramas." At its
every representation the applause and
laughter are almost continuous and
every fall of the curtain is to be con-
sidered as a most emphatic endorse-
ment of the play. At the Seymour
theatre March 7.

Fortunes of Fighters.

Estimated fortunes of leading pug-
ilists: James J. Jeffries, \$100,000;
James J. Corbett, \$75,000; Thomas
Sharkey, \$50,000; Terry McGovern,
\$50,000; Robert Fitzsimmons, \$40,000;
Joe Gans, \$25,000; Frank Erne, \$25,000;
Young Corbett, \$10,000; George Gar-
dner, \$10,000; Joe Walcott, \$10,000;
Marvin Hart, \$5,000.

The winning prize fighter makes
money but the great majority of pug-
ilists get knocked out and before
lose out financially.

Looking on the Bright Side.

ing. Although there will be six more
weeks of winter new maple sugar will

MONTH OF STORMS.

Weather Prognosticators See Much
Winter Ahead.

The month of February comes in on
the wings of a storm that carries Jan-
uary off into history. Severe storms
of rain, snow and sleet mark the first
days of the month, hence cloudy, mur-
ky and sleety weather will continue in
all probability into the reactionary
period central on the 6th, 7th and 8th.
If during the first four days of the
month, heavy snow and sleet do not
appear such storms will almost cer-
tainly develop on from the 6th to the
9th. This will prove one of the most
general and destructive sleet periods
of the winter, and at least one severe
cold wave may be counted on.

The next stormy period begins on
the 10th and remains six days. Dur-
ing this time storms of rain, snow and
sleet will be general. A rising barom-
eter and cold wave will follow imme-
diately after the new moon on the 16th,
and a sudden revulsion to storm con-
dition will reappear about the 18th or
20th. These storms will also be fol-
lowed by a high barometer and cold
wave about the 20th to the 22nd.

The last regular storm period for
February is central on the 24th, its
disturbing influence being from the
22nd to the 27th. The first stages of
this period will bring change to much
warmer weather, with storms of rain,
changing to snow and sleet. As the
month goes out generally fair and
cold weather will prevail.

Commissioners' Court.

The sentiment for good roads is
certainly growing in Jackson county.
The commissioners heard petitioners
this term from all parts of the county
for new gravel roads.

Albert Leudtke et. al. filed a peti-
tion for about sixteen miles of new
gravel roads in Carr township. Henry
Applewhite and M. B. Singer were
appointed viewers and G. A. Robert-
son engineer.

Jacob Baldwin et. al. filed a petition
for several miles of gravel road in
Reddington. It is the purpose to
gravel about every public road in
Reddington township. The board fixed
March 7 as the date to hear these
petitioners.

There were residents from other
townships present to talk road im-
provement and many of them will be
back with petitions later.

Shields & DeGolyer were awarded
the contract to repair the Rockford
bridge.

G. M. Fletcher was given the con-
tract to supply 200 feet of hose for the
county poor asylum.

D. A. Kochenour was appointed
county attorney to succeed Carl E.
Wood.

C. F. Eddinger, superintendent of
the county poor asylum, filed the fol-
lowing report for the year 1903: Num-
ber of inmates admitted to the insti-
tution during the year, males 17, females
5; number discharged, males 7, fe-
males 5; number of deaths, males 3,
females 2; placed in homes, males 2,
females 1; average number of inmates
during year, males 18, females 12,
number at end of year, males 18,
females 12.

RAILROAD RUMBLINGS.

The Chicago mail train due here at
5:15 a. m. did not get here until about
noon today.

Supt. J. W. Thompson of the South-
ern Indiana, was here on business
with Agent J. M. Clark today.

Engineer J. J. Boyles went to Wash-
ington today to come out on No. 8.
This is the run that the late Henry
Muster had and it is likely Mr. Boyles
will be put in regular charge of it.

The engine pulling local west this
morning broke down at Vallonia and
had to be brought back here and an-
other engine sent down to take its
place.

Omer Shannon, who has been sub-
stituting now and then at the Panhan-
dle station, has been given a regular
job, having been made night operator
at Memphis. He has been very atten-
tive to duty since he began learning
telegraphy.

The Pennsylvania company has had
so much trouble to keep a fence along
the right of way at Walesboro that it
is now possible that the station there
will be abolished and trains run right
through. Time after time the com-
pany's wire fence has been cut down
and the offender has never been dis-
covered.

Ralph Bain, a former resident of

Kansas, a few days ago on the charge
of murder in the first degree. The
trial lasted about a week. The jury
after being out twenty-six hours

It will be remembered by the REPUB-

and killed a man named William
Flynn last September. The papers
reported at the time that both men
were drinking at the time and had
previously joked each other about
which was the better man, and this
bantering led up to the shooting.

**THE AMERICAN MONTHLY
REVIEW OF REVIEWS**

**THE NECESSARY MAGAZINE
IN THE PRESIDENTIAL YEAR.**

The Review of Reviews is often called a
necessity, in recognition of its usefulness in keeping
readers "up with the times."

In Presidential election years the REVIEW
OF REVIEWS is more than ever "the necessary
magazine." Everybody wants to be truly and quickly
informed about this or that public question that has
for the front; to know about the new candi-
dates and personal factors in politics, to have a com-
plete picture at hand of the current movement of
history.

In Dr. Shaw's editorials, in its authentic and timely con-
tributed articles, in its brilliant character sketches, in its con-
densed and reviews of all the important articles of other mag-
azines, and in its hundred a month of valuable portraits, witty cartoons,
and interesting views, the REVIEW OF REVIEWS gives the
much desired news of the world's and our own progress. "The
World under a Field-glass" is the way one subscriber describes it.

Men in public life, like President Theodore Roosevelt
members of Congress, and the great captains of industry, who
must keep "up with the times," intelligent men and women all
over America, have decided it is "indispensable."

THE SECRET OF HER BEAUTIFUL COMPLEXION.

Ida and Marian sat talking in the dressing room. "I tell you what it is Marian (and she drew her chair closer), your complexion has undergone a great change. You look so different, quite different from what you did three months ago." "Do I look so changed?" asked Marian innocently.

"Of course you do, and you know you do. That is the aggravating part of it, dear. Come, tell me. Have you been making up?"

"Marian answered with a laugh. 'What sort of rouge do you use to get that color?'"

"Just then brother Tom came in, having returned from the medical college on his holiday vacation."

"What was Ida calling you names for, Sis?" asked brother Tom.

"I want to know where she gets that stuff she puts on her face to give her that color and she won't tell me."

"Marian did not get that color from any shop, if that's what you mean," said Tom seriously.

"Marian can fool you as well as she fools everybody else," said Ida.

Brother Tom shook his head. "The leopard cannot change his spots, and a girl cannot change her complexion," persisted Ida.

"Anything can be done if you only know how," said Tom. "I'll tell you how to do it. In the first place, you girls do not look after your physical conditions seriously enough. A young and growing girl (and mature people as well) should occasionally use a gentle laxative pill. I think Dr. R. V. Pierce, who founded the 'Laxative' Hotel, at Buffalo, N.Y., has the best, and they can readily be

obtained at almost every drug store. They are called Dr. Pierce's Pleasant Pellets. I have examined them and know them to be entirely vegetable in their ingredients. They act mildly and gently. Such a laxative should be taken occasionally by every individual when the liver is sluggish, the stomach sour, or the tongue coated. In the second place, the real reason for her beautiful complexion is the use of Dr. Pierce's Favorite Prescription. I advised Marian to take this three times a day. She has done so for the past three weeks, and you see the result. It is a medicine which is entirely vegetable and does not contain either alcohol or narcotics. It therefore cannot harm, and I am sure it would do you a great deal of good. Not only does it strengthen, but like the governor on an engine, it certainly regulates the entire feminine system."

"Yes," said Marian, "it not only has undoubtedly improved my looks, but I no longer have those nervous feelings, feelings of weariness, backache and terrible blue spells. Then too, Ida, it has taken away those black circles or rings which you used to see under my eyes. Is it not true?"

"This is what a lady wrote me concerning the good the Favorite Prescription might do me if I took it. I found her name and address in one of those little memorandum books of Dr. Pierce that are distributed from house to house. Here it is:

"I wish to inform you how much Dr. Pierce's Favorite Prescription has benefited me," wrote Mrs. Ray Traver, of Medusa, N.Y. "I call myself cured. My complaints were the usual womanly troubles, which gave me also palpitation of the heart, frequent headaches, and numerous other things. I had almost given up hope of ever being any better but this medicine has worked wonders in my case. Two doctors failed to do me any good and I wrote to Dr. Pierce with but little courage but he wrote such a good encouraging letter, my husband got five bottles at once, and before I had taken all of the

second I felt much better. I shall always speak highly of Dr. Pierce's medicines. I am working very hard now, and have been all spring and summer, so far, and feel so proud to think I can. I say to every one it was Dr. Pierce's medicines that cured me.

IT STANDS ALONE.

Doctor Pierce's Favorite Prescription stands alone, as the one and only remedy for leucorrhoea, female weakness, prostration, or falling of the womb, so absolutely specific and sure in curing these common ailments of women, as to warrant its makers in offering to pay, as they hereby do, the sum of \$500 reward for a case of the above maladies which they can not cure. This is a remarkable offer. No other medicine for the cure of woman's peculiar ailments is backed by such a remarkable guarantee. No other medicine for woman's ills is possessed of the unparalleled curative properties that would warrant its makers in publishing such an offer; no other remedy has such a record of a third of a century of cures on which to base such a remarkable offer.

M. U. McClendon, Esq., Merchant, Gravelly, Ark., writes: "My wife (Mrs. L. L. McClendon) was confined to room and bed for some time with indigestion and female trouble. Was unable at times to walk around the room. We tried two or three doctors as I thought could be found in our part of the country. Neither of them did her any good. Afterward she decided to write to Dr. Pierce for advice. I thought it not wise as I was sure she would be buried before she could receive an answer but she commenced on your remedies and I could see that she was some better by the time she had taken the third bottle. We continued the use of the medicine quite a while and now she does all the housework, and stood the operation for life insurance all O. K. Any one who so wishes may write to me at my place of abode."

Miss Emma Weller, who is Secretary of the Young People's Christian Association, at 1818 Madison Avenue, New York City, says: "Your 'Favorite Prescription' is a boon to sick and tired women, for it cures them when other medicines fail. I know whereof I speak, for I have had experience with it. For fourteen months I had constant headaches, seemed too weak to perform my daily duties, and when the day was over I was too tired to sleep well. I suffered from nervousness and indigestion, and everything I ate distressed me. Doctored with different physicians but received no relief. After reading one of your books I decided to give your 'Favorite Prescription' a trial. Am very glad I did, for I found it was just what I wanted. I commenced to improve at once and kept getting better until, after seven weeks, I was entirely cured. I have remained in perfect health ever since, and remain a firm friend of your 'Favorite Prescription'."

The dealer who offers a substitute for "Favorite Prescription" is only seeking to make the little more profit afforded by a less meritorious medicine. His profit is your loss. Therefore, turn your back on him as unworthy of your patronage.

Kentland Will Get a New Court House Without Controversy.

FIRST STEPS ARE TAKEN

Commissioners of Newton County Proceed Without Fear of Ancient Rivalries Interfering.

Under Supreme Court's Recent Ruling Old Objections are Wholly Futile.

Kentland, Ind., Feb. 4.—The commissioners of Newton county have taken the initiatory steps toward the construction of a new courthouse in this city, the supreme court having decided that the special act under which three elections were held, looking to a change of county seat, was unconstitutional. It is said that the taxpayers of the county are tired of the controversy, and that the action of the commissioners will meet with no special opposition.

COLDEST IN TEN YEARS

Last January Fell Below the Average in Low Temperature.

Indianapolis, Feb. 4.—The meteorological report of the weather bureau for last month shows that the mean temperature for January was 22, which was lower than the mean temperature of any January since 1893, when there was a mean of 18. The mean for the last thirty-three Januaries was 28. The highest temperature last month was 50, on the 20th; the lowest was 7 below zero, on the 27th; the greatest daily average was 30 degrees, on the 19th, and the least daily range was 5 degrees, on the 21st.

The total precipitation for the month was 3.87 inches—greater than for any other January since 1898, when the total precipitation was 4.93 inches. The average precipitation for the last thirty-three Januaries was 2.86 inches. The number of clear days during last month was 11; partly cloudy, 7, and cloudy, 13.

Evansville is Alarmed.

Evansville, Ind., Feb. 4.—The situation at the waterworks plant is daily growing worse, and it is feared the water supply will be shut off within a short time. It has been discovered that the intake pipes underneath the plant are broken and this caused a cave-in that caused the wall near the river to sink and crack, and if the building is saved from destruction it will be a surprise to many of the men who have been working on repairs at the plant.

His Mind a Blank.

Evansville, Ind., Feb. 4.—George Folden's mind is a blank to everything since he was struck on the head in a fight at the Louisville & Nashville incline a week ago last Saturday. He has been under treatment in a local hospital since the day he was injured, but he does not realize where he is. Folden, who was a freeman on the steamer J. M. Bowell prior to the fight, thinks that he is still working on the boat.

Damaged by Electrolysis.

Alexandria, Ind., Feb. 4.—The recent fire demonstrated that the water-mains along the lines of the Union Traction company will have to be repaired as soon as the weather permits, under the supposition that electrolysis is responsible for many of the leaks. A suit is already pending in which the city seeks to recover from the company for damage to its water mains from this cause.

Crushed While Clearing Wreck.

Danville, Ind., Feb. 4.—James Dunning, a well known "Frisco" man, received injuries causing death while clearing away derailed cars. He was a member of the wrecking crew and was caught between the corner of a car and a pair of trucks. Mr. Dunning had been with the wrecking crew for ten years.

Old Fiddlers Will Meet.

Logansport, Ind., Feb. 4.—Preparations are making at Deer Creek, near here, for an old-fashioned fiddlers' contest, to be held Feb. 11. All the old fiddlers from surrounding counties have been invited and it is expected that more than 100 will be in attendance.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stinks, your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also

convincing proof that the kidneys and bladder are out of order.

What To Do.

There is comfort in the knowledge often expressed that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Home of Swamp-Root, 107 N. 3rd St., Binghamton, N.
